Enterprise

**SURE**

# Sakhi Unique Resource Enterprise Pvt Ltd (SURE) - Clean Energy Entrepreneurship Model

Lets Amplify Impact Together!

[www.sureindia.org](http://www.sureindia.org)

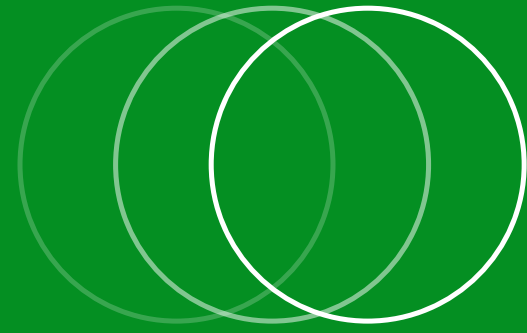

# Introduction

Sakhi Unique Resource Enterprise (SURE) empowers rural women by building a last-mile distribution network that provides communities with access to:

- Clean energy products
- Climate Smart agriculture practices
- Women health and nutrition

These products are promoted by trained women entrepreneurs known as “Sakhis” within their own communities.

# Our Mission

By 2030, empower 10,000 rural women entrepreneurs to deliver clean energy, sustainable agriculture, and healthcare solutions to 2 million rural households.

## Objective

- To partner with NGOs or social enterprise and scale women-led last-mile distribution network
- To bring resilience and impact in communities through women entrepreneurship, meaningful livelihood creation and climate action

# Eligibility Criteria for Partner NGOs

Interested NGOs must meet the following criteria:

- **Minimum 3 years of operational experience**
- **Demonstrated experience working with women entrepreneurs or women collectives**
- **Geographical Presence: Western & Central Maharashtra, Marathwada, and Vidarbha, Karnataka, Madhya Pradesh**
- **Preference will be given to NGOs with an existing network of women groups ready for engagement**

**Interested NGOs should submit the following information:**

- One-page profile of the organisation
- Geographic areas of operation
- Expected number of women entrepreneurs that can be mobilized
- Details of field staff presence
- Existing women networks or collectives (SHGs / women groups / FPOs)
- Preferred Supporting Documents: CSR registration certificate (if available), 12A certificate, 80G certificate, NGO Darpan registration, Latest Annual Report, Latest Audited Financial Statements

# How we work together?

## STEP 1

Identification of Women Leaders

## STEP 2

Onboarding Women on the Sakhi App

## STEP 3

Initial Handholding Support by NGO

## STEP 4

Coordination with SURE

## Role of Sakhis

Selected Sakhis will work as local clean energy entrepreneurs and will be responsible for:

- Creating community awareness on clean energy solutions
- Conducting technology demonstrations
- Supporting deployment of climate-friendly technologies at the household and farm level

# Partnership Model

- Support will be provided for donor readiness and fundraising for NGOs
- SURE works with NGOs to improve climate resilience, entrepreneurship development
- SURE provides EDP Training, Digital Literacy Training, product knowledge and business support to Sakhis
- SURE helps NGOs to provide respectful livelihood to women
- NGOs will receive a fixed fee for each Sakhi onboarded and active on the platform.
- Support will be provided for field activities, mobilisation, and coordination
